Bear Sir- We desire an early subscription to the State Committee, and as liberal as you can afford to make it. If the Republicans of Pennsylvania win a decisive victory this year, it will prevent any agitation or disastrous change of tariff by the incoming Congress, and may pave the way for the overthrow of the Democratic State and national administrations. We propose to push the work of the State Committee with the utmost vigor until election day. Please send your subscription as early as possibly by check, money order, or call at the headquarters.

Very truly yours.
